FOOD PACKAGING

SOLUTIONS

COMPANY PROFILE

Jing Chye Enterprise Co., Ltd. among the leading disposable food packaging manufacturers in Taiwan since 1992. Our commitment for food packaging product innovation has gained support and trust from customers around the world; over the years, JC team's goal remains the same: Top quality product, On-time delivery, and Fair offer in market.

Because We Care

Our products go through extensive QC process, our manufacturing facilities are inspected by market's leading agency. Our company is vertically integrated so you can expect the flexibility of one stop service tailored to your specific needs.

ABOUT COMPANY

Founded in 1992, Jing Chye Enterprise is a professional manufacturer of disposable food container and packaging in Taiwan, holding FSSC22000, ISO and HACCP certifications.

Certification

FSSC22000 、ISO9001 、ISO22000 、ISO50001 and HACCP
BPI 、DIN CERTCO and ABA

Materials We Can Make

PET 、PP 、OPS 、HIPS 、RPET 、Decomposable Materials

Manufacturing Process

Jing Chye is equipped with advanced European plastic food packaging machineries. We have the ability and specialized in IN-LINE production process, from raw material, sheet extrusion, thermoforming, printing to automatic packing. All JC products are made in house by our dedicated team, and are able to operates 24-7 year-round to maximize production output to fill demand from all over the world.

Eco-Friendly Production

Our products are all 100% made domestically here in Taiwan. To effectively deal with the leftover scrap materials, we also invested considerably in recycling hardware. We want to be actively in reducing environment impacts and not just complying with current environmental regulations. We adopt green initiatives voluntarily in efforts to help achieve circular economy that will be sustainable for our future generations to come.
